UNIVERSITÄT ZU LÜBECK
INSTITUT FÜR TECHNISCHE INFORMATIK

Submission Guidelines

Lecture *Parallel Computing Systems*, Winter semester 2025/2026

Prof. Dr.-Ing. Mladen Berekovic
A discussion forum for the exercise can be found at: `moodle.uni-luebeck.de`.

Please follow the instructions below when submitting your assignment:

1. **Submission Format:** Upload a single `.zip` file containing:

   - Your work presentation (accepted formats: odp, ppt, pptx, pdf, ipynb)
   - Dedicated source code files if Jupyter Notebook is used
   - A video explaining your solution

2. **Jupyter Notebook Reminder:** If Jupyter Notebook is used, please run: `Kernel → Restart Kernel and Run All Cells` to ensure the latest results are captured before adding it to the zip file.

3. **Content Requirements:** Include clear and comprehensive plots comparing sequential, parallel, and optimized solutions.

4. **Upload Verification:** Once uploaded, make sure to download your file and confirm everything is in order. If there are issues, re-upload it before the deadline.
